Claim Number: 26950

Dear Mr. Delsman:

Your application for Extended Illness payments under the GE Salary Continuance Program has been reviewed. The GE Salary Continuance Program states, "To qualify for benefits, you must be under the care of a doctor who certifies that you are totally disabled. The benefits administrator reviews the doctor's certification and determines whether you are unable to perform the duties of your regular job, as described by your business."

We have not received the information requested from your physician, Dr. Jutila; therefore, your claim for temporary disability benefits under the Voluntary Plan is denied as of 7/31/06.

You have the right to appeal this decision with the State of California, Employment Development Department.

If you wish to appeal with the State of California, this determination is final UNLESS an appeal is filed within 20 days from the date of mailing of this notice. Your appeal may be made in person or in writing at any office of the Employment Development Department. Your appeal must contain your name, social security account number, the name of your employer, and the reason you are filing the appeal.

Sincerely,

Christine Wallin
